

INTEGRATED SOLUTIONS

POWERED BY

JOHN DEERE

TOPCON

www.jesco.us

WHY PICTURE YOURSELF IN A JESCO INTEGRATED MACHINE?

1. Industry leading partnerships with John Deere, Topcon & ECI Technologies.
2. Dedicated personnel to not only help you identify the right solution, but most importantly, keep you up and running.
3. Technology training to ensure your team is maximizing your investment.

THE RIGHT SOLUTION IS [YOUR] SOLUTION

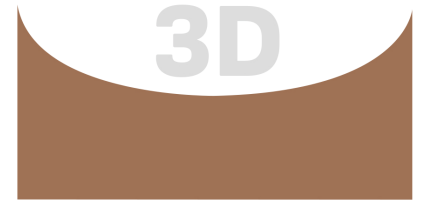

WHAT IS 2D VS 3D?

2D

Benchmark Reference,
Simple Slopes

3D

GPS Reference,
Complex Slopes

WHAT IS GUIDANCE VS AUTOMATIC?

GUIDANCE

=

Information Only

AUTOMATIC

=

Implement Control

JESCO isn't just your technology provider
We're your technology PARTNER!

Did You Know?

John Deere Slope Control and SmartGrade CTL's include **DozerMode** – quickly enabling operators to swap from CTL controls to those they are familiar with in a dozer.

⊕ JESCO INTEGRATED SUPPORT ⊕

 - Comparing two surfaces
 - Measuring stockpile volumes
 - Creating TIN surfaces
 - **and much more!**
- Both scheduled open and private classes available

Eastern States Construction

"JESCO is the first company in our region who not only offers the full package of equipment, but also provides the training and support to make it a success."

– Stephen Julian

Bob Dietz & Sons

"We appreciate JESCO putting together a clear and informative training program. Even our veteran layout guys learned new things we implemented the next day. These classes are worth every penny."

– Brian & Tony Dietz
